

Noman Mufti

An academic and a professional engineer in the fields of mobile telecommunications, computer sciences, and electromagnetics. Nomaan has an exceptional drive to serve the country of his birth, Pakistan, for the growth of its economy and for helping people to stand on their feet. He has also founded the non-profit Industrial Partnership Projects to support poor students to start manufacturing-related businesses in Pakistan

Nomaan is currently working with T-Mobile, Inc, USA, as Principal Engineer. He began his career as a lecturer in 1990 at the University of Engineering & Technology, Lahore. He still teaches as Adjunct Professor at the University of Texas and Southern Methodist University, in Dallas, Texas. Nomaan studied at the Electrical Engineering department at the UET Lahore from February 1984 till December 1994 for his Bachelors and Masters degrees
